Born in Is. Bay.

Why not use. Dewent or Clyde St. for cycles.

Parking - where it is, prevents exiting cars from houses, seeing oncoming traffic.

Everything about the new setout is dangerous + difficult.

Disability access to those in wheel chairs hopeless. 1 person has removed her front fence so caregiver can access her house to get her into ~~the~~ car/van.

As a resident of Island Bay for my entire life (63 years)  
I am passionate about the Bay.

I do not feel safe driving down the Parade  
in its current layout. I often have to pull  
to the side to avoid buses and trucks.

It is a nightmare to turn left and be on  
the constant look out for the occasional  
cyclist.

Worst of all ~~is~~ is the number of cyclists  
who do not use the cycleway but insist  
on using the roadway. Another hazard to  
navigate!!

PLEASE, PLEASE, PLEASE give us back  
the lovely wide uncomplicated Parade we  
had the privilege of before the changes.

Your ~~truly~~ truly

options A to D do not enhance safety on the parade.

There weren't significant problems with traffic or for pedestrians on the parade prior to changes so why alter something that works for a majority of population - lunacy!

I am appalled by the behaviour <sup>of</sup> ~~of~~ certain city councillors and council officers <sup>of</sup> ~~of~~ <sup>arrogance</sup>

The changes made do not fit in with "best engineering practice".

## Cycleway Nightmare

*Dear Editor,*

OMG: So now the truth finally comes out that the shortest cycleway in Woolly Wellington may now get to be the most expensive at a cool \$7million. Is it paved with gold? Isn't it time to have accountability, transparency, and financial prudence exercised by both Councillors and especially Council Officers? How on earth can a bike way be built for \$1.2m yet cost \$5m more in the trending conversation, when the majority of Island Bay people just liked it the way it was!

I think there is a little cliché of urban planners at WCC who have turned our hills into bike tracks now want to destroy our streets. We have a water supply issue in Wellington yet mean-

time throw millions of dollars at these consultation speak-fests with limited outcomes.

Heads should roll over this on-going nightmare. Even at the recent meeting at the Church the City Planners just simply don't get the message that we like cycleways but the planning by WCC was silly, and take it back to how it was, which gave plenty of space for the few cyclists, and there were never any accidents!

Now council officers want to push the very same designs on Berhampore and the Eastern suburbs, and a huge cost over-run will happen there as well.

Our city is going to the dogs!

If you want to rank the options, please ensure you rank each one using the numbers 1, 2, 3, and 4, (where 1 is your most preferred option and 4 your least preferred).

Refer to the accompanying document or [wcc.govt.nz/theparade](http://wcc.govt.nz/theparade) for images and further details about each option.

#### Option A - roadside cycle lane - original layout with enhancements

Tick if this is your preferred option OR indicate your rank from 1 to 4 if you want to show your preference for more than one option.

#### Option B - one-way separated kerbside cycleway - road level - current layout with enhancements

Tick if this is your preferred option OR indicate your rank from 1 to 4 if you want to show your preference for more than one option.

#### Option C - one-way separated kerbside cycleway - above road level

Tick if this is your preferred option OR indicate your rank from 1 to 4 if you want to show your preference for more than one option.

#### Option D - one-way separated kerbside cycleway - above road level, with angle parking

Tick if this is your preferred option OR indicate your rank from 1 to 4 if you want to show your preference for more than one option.

2. To help us understand your choice, please provide more information about why you selected your preferred option, and/or declined others if desired. Alternatively, if you prefer an amended option, please describe it here.

By putting the cycle lane + door opening safety area next to the curb, WCC have dedicated too large a percentage of the <sup>total</sup> road <sup>area</sup> to cyclists. They are a minority road user, and the area WCC has allocated is disproportionate to the amount of cyclists using Island Bay. I have watched cyclists not using the detour around the bus stops often.

The cycle lane should be outside of the curbs and the cycleway should be painted green so motorists can easily recognize it as a cycleway.

If you do not have consistency you have confusion, which is what there is now.

It can't be one design in one suburb and change to another design in the next. They have to be consistent everywhere. What parent would want their child using a bike if it is too complicated.

I don't actually mind the cycleway in its current configuration. Options C + B define the cycleway more clearly.

I want OPTION (E).

This is as voiced by the Chair of the Island Bay Residents Association as being return it to the original concept.

It is very sad, for all of us rate payers that this project has a) costed so much \$ & b) caused the problems to the local & wider community.

I am pro bike, & pro cycleways but to have a 1:6 \$ ratio of expenditure is beyond pale.

If you want to rank the options, please ensure you rank each one using the numbers 1, 2, 3, and 4, (where 1 is your most preferred option and 4 your least preferred).

Refer to the accompanying document or [wcc.govt.nz/theparade](http://wcc.govt.nz/theparade) for images and further details about each option.

**Option A - roadside cycle lane - original layout with enhancements**

Tick if this is your preferred option OR indicate your rank from 1 to 4 if you want to show your preference for more than one option.

**Option B - one-way separated kerbside cycleway - road level - current layout with enhancements**

Tick if this is your preferred option OR indicate your rank from 1 to 4 if you want to show your preference for more than one option.

**Option C - one-way separated kerbside cycleway - above road level**

Tick if this is your preferred option OR indicate your rank from 1 to 4 if you want to show your preference for more than one option.

**Option D - one-way separated kerbside cycleway - above road level, with angle parking**

Tick if this is your preferred option OR indicate your rank from 1 to 4 if you want to show your preference for more than one option.
